L COMPACT STATIONARY CABINET

The L Compact Stationary Cabinet has been developed to better meet our customers' needs in terms of dimensions offered, drawer configurations and accessories that fit in a compact cabinet.

The L Compact Stationary Cabinet is 18" wide and comes in two depths (21" and 27") and five heights (24", 28", 30", 34" and 40"). A 2" or 4" painted steel or stainless steel base can also be added to raise the cabinet height slightly or to create more space for feet. With the security system, you can lock all the drawers with a single action.

There are six different drawer heights available from 3" to 12", and the drawers can be accessorized with partitions, dividers and plastic bins for optimal organization of your parts. Each drawer has a 100lb. load capacity and an ergonomic, easy-grip handle.

The unique shape of the L drawer is a Rousseau Metal Inc. trademark.

The L Compact Stationary Cabinet is an excellent alternative to the R heavy-duty line. Learn more in the following pages.
